

Dear Team,

I like to inform you that the service provided by Mr. Balaram Chakraborty (T-Code 812695) and his colleague (Name not known to me) to my window AC machine was fabulous. These two guys fought for 3 hours restlessly in water and made my AC machine cleaned like new one. There was Air-flow problem in my AC machine & its now working like newly bought AC machine. Godrej is far ahead than his competitors for the people like them. Thank you Godrej!
