Dear Nirmal,

Thanks you so much for the follow-up call,I would like to thank You, Dinesh Sir & Suresh the technician who came to my place yesterday as per my convenience. The issue has been resolved and I'm really amazed with the service call happening on the same day. It gives me peace of mind that whatever it is my Fridge is always in the good hands of Godrej people, I am new to Chennai and can't understand Tamil, Suresh did his best by explaining me everything in English and helping me understand the use of Stabilizer & AMC, He explained me about all India warranty and how I made the best decision by following my family tradition by buying a Godrej Fridge, You guys following up even after sales gives me immense content of the Indian brand we own and we grow to-gather.Be Indian buy Indian, Make in India.Thanks Godrej for employing such a hardworking & committed team.

Regards,

Chirag
