Dear ones...greats of the century old legacy, Godrej,

Greetings!

I bought two days back a Godrej fridge from your dealer Ms.Bharath Electronics, Erode and hardly it had reached my home, the service technician Mr.P.Sekhar(service code-8212813)was in my house!It was itself an incredible and unbelievable sight!Hearty compliments for this sort of a wonderful, incredibly fast after sales service!

Then i was subjected to "a "NEVER IN OUR LIFE"wxpwrience of a service man, who is not even a regular employee of the manufacturer, being so passionate, so well versed on the subject and taking as much as an hour ....explaining and emonstrating as to how to make maximum use o the wonderful machine....the Godrej Fridge!

These sort of things never existed in the past ...and even recently we had a not too interested after sales evice of an LG product.So we have categorically decided to tom tom this stirring news to all our friends ....in the Rotary Club in which i am the President...everywhere.....Since both my kids are in USA, me and wife were to that great country USA , 5 times and we admired that country where the customer is the king...here Mr.P.Sekahr exactly made us belive its the same...at LEAST WITH GODREJ!

Compliments, admirations....God bless Godrej to hit even greater milestones...

With profound greetings and best wishes,

Sincerely ever,

K.P.Krishnan, PFIZER LEGEND(i just retired from PFIZER, worlds no.1 pharma co and is a proud LEGEND and GLLLOBAL HALL OF FAMER IN PFIZER), President, ROTARY CLUB OF ERODE
