Subject: SHOCKING NEWS!

hello,

I am REKHA SHRIVASTAVA and i wanted to share something unexpected with GODREJ. We have a GODREJ refrigator which we bought in 1982, it has completed 30 years & is still working wonderfully, it hasn't been to the servicing station even once, in this entire 30 years, neither GAS refilling has been done!..there hasn't been any problem what so ever with this fridge in 30 years! Might be shocking, but very true!

Seriously, GODREJ rocks!!! \m/ :-)
