Subject: Thanks

Hi Ripul,

It's been a privilege being a godrej customer and getting amazing service.

I thought i would not get service due to invoice issues which i faced in the past but when i contacted customer care they gave me your number.

As a customer of godrej i am more than satisfied and i will tell other people how good your service is.

Your efforts made me think of sticking to godrej products now.

I want to thank each and everyone who was involved in resolving my query.

Keep up the good work and delight customers.

This is the only difference which keeps a company different from others.

Thanks and Regards,

Sahil Kapoor

A happy customer
