Name and Functions of Each Part

No.	Part Name	No.	Part Name
1	Camera lens	2	Power on/Status LED
3	Photo resistance sensor	4	Mic
5	Reset Button	6	TF card/SD card Slot
7	Speaker	8	Power input

Package Contents

Features and Functions

- 3MP (1296P) Wi Fi Pan Tilt camera.
- Pan Tilt Function: Pan: 350 Degrees/ Tilt: 90 degrees
- Built-in Mic & Speaker for 2 way Communication
- IR LED Night Vision Upto 10m
- Supports up to 256GB Micro SD Card
- Smart Motion Detection with Humanoid detection, auto recording, notification alert and Customised voice alert configuration
- Smart Motion Tracking
- Godrej ACE app play store and apple store
- Compatible with Alexa

Note: Company reserves the right to make changes in the specification of products without notice

Product Specifications

Image Sensor	1/3" CMOS sensor
Camera Resolution	3MP (2304*1296)
Lens	3.6 mm
IR LED	6 IR LED's
IR Distance	10 m
Viewing Angle	100°
Audio Input/Output	Built in Mic and Speaker
Wireless Transmission Support	2.4Ghz
Wireless Standard	IEEE802.11b/g/n
Local Storage for Recording	Supports up to 256GB MicroSD card (Note: SD card is not provided with the Product)
Smart Alarm Support	Motion Detection, Humanoid Detection and Motion detection for marked areas.
Power Supply	C type (DC 5V/1A) Power Adapter is part of package
Housing Type	Plastic
Working Temperature	0 to 50 degree
Storage Temperature	-20 degrees to +60 degrees
Net Weight	187 g
Gross Weight	319 g

System Requirements

- Compatible with Wi-Fi IEEE 802.11b/g/n standard
- This Wi-Fi camera supports 2.4GHz routers only
- In case of dual band router, check the FAQ's in app/on website for detailed instructions on setting up the camera with dual band routers
- At least 2Mbps dedicated bandwidth is required for each camera
- Ensure mobile is connected to Wi-Fi router which has internet
- While adding the camera, the mobile used for adding the camera has to be connected to the same Wi-Fi to which the camera needs to be connected
- Godrej ACE App is required to use the camera

Mounting

Before mounting, add the camera to your account in the mobile app

Remove the stickers on your Godrej EVE Pro Cam's lens and on the back of the camera. They're only there for protection during shipping and installation.

Make sure the location you've picked is close enough to a power outlet and is in the range of the router. Try holding the camera where you want it with the power cable and adapter plugged in. Check the live in from the camera in the Mobile app to adjust the camera's view.

Note : If you plan to mount the camera on something or at a height, make sure you are mounting it firmly to avoid the camera from toppling and getting damaged or causing any injuries.

Ceiling

Place on the desktop

Godrej ACE App & Website

To setup your camera's, download the Godrej ACE application and signup. The app will guide you through the rest. You can view the camera feed using Godrej ACE Mobile application or by login into Godrej CMS via your windows desktop.

- **Do not share your Godrej ACE app account password with anyone.**

INFORMATION ON E-WASTE HANDLING AND MANAGEMENT

Dear Customer,

The Ministry of Environment and Forests have published The E-waste (Management and Handling) Rules 2010 which comes in effects from 1st May 2012.

E-waste is defined as any electrical or electronic component of products in whole or in part, or rejects from their manufacturing or repair process which are intended to be discarded.

These rules apply to every producer; consumer or bulk consumer involved in the manufacture, sale, and purchase and processing of electrical and electronic equipment or components as specified in Schedule 1 (please refer to our website www.godrej.com under the "Green Think" section of Godrej Security Solutions Division Page for more details).

Under these rules, specific roles and responsibilities are defined for producers, consumers and recycles handling and managing e-waste.

E-waste is to be managed in an environmentally sound manner which means, taking steps to ensure that health and environment are protected from adverse effects of hazardous substance contained in such wastes.

Rule 6 of the E-waste (Management and Handling) Rules 2010 states that bulk consumers of electrical and electronic equipment shall be responsible for recycling of the e-waste generated by them. Bulk consumer means bulk users of electronic and electrical equipment such as Central Government or State Government Departments, public sector undertakings, banks, educational institutions, multinational organisations, and international agencies, private companies that are registered under the Factories Act, 1948 and Companies Act, 1956. The bulk consumers have to ensure that the e-waste generated by them is channelised to authorised collection centres or is taken back by the producers. They shall maintain records of e-waste generated by them in Form 2 and make such records available for scrutiny by the State Pollution Control or the Pollution Control Committee concerned.

All consumers of electrical and electronic equipment irrespective of their status as bulk consumers or not, shall ensure that e-waste generated by them is channelized to authorized collection centres (s) or registered dismantler(s), or recycler(s) or is returned to the pick-up/take back services provided by the producers. (Please refer to our website www.godrej.com under the 'Green Think' sec of Godrej Security Solutions Division Page for more details).

All our products intended to be recycled under the category of e-waste (as defined above) carry a label or stamp of the WEEE symbol (A wheelie bin with a cross), which states that it falls under the hazardous waste category and is not to be disposed of along with normal garbage.

We seek your support in ensuring environmentally sound management of e-waste and aid us in sustaining our earth's natural resources and maintaining the earth's green cover intact for the benefit of our future generations.
